Product Parts

1 - Foot (Sold Individually)

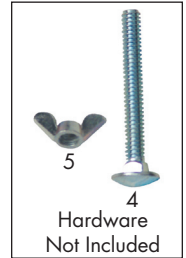

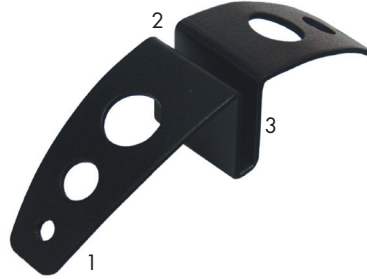

2 - Graphic Slit

3 - Screw Fixture Hole

Hardware (Not Included)

4 - Screws (1 per foot)

5 - Wing Nuts (1 per foot)

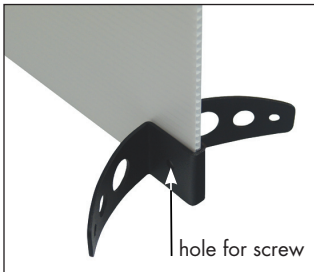

Step 1

Take all parts out of the box.

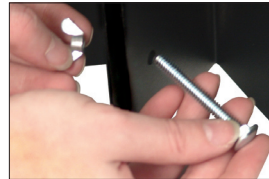

Step 2

Slip the Graphic into the Graphic Slit (2) on the Feet (1). With the Feet in their desired positions, mark the Screw Fixture Holes (3) on the Graphic, and pre-drill the holes in the Graphic.

Step 3

Place the Graphic in the Graphic Slit (2) on the Feet (1), and line-up the pre-drilled holes on the Graphic with the Screw Fixture Holes (3). Insert the Screws (4 - not included) through the Screw Fixture Holes (3) and the holes in the Graphic, and tighten in place with a Wing Nut (5).

Step 4

Stand the assembled unit upright and place in the desired location.
